

WEBINAR

RMK12:

A CONVERSATION WITH YB DATO' SRI MUSTAPA MOHAMED

DATE: 10 DECEMBER 2020

TIME: 3-5PM

The unveiling of 12th Malaysia Plan 2021-25 (12MP) has been postponed to early next year to allow for more inputs from stakeholders and, importantly, to take into consideration the policy adjustments and economic reforms needed to rebuild and restructure the economy in the post-pandemic period.

What are the processes involved and the current status of plan formulation? What development priorities and focus areas can we expect in the 12MP? What are the key areas of concerns and suggestions received from stakeholders' engagement? What new or innovative policies and strategies are likely to be included to achieve the Shared Prosperity Vision as well as the UN Sustainable Development Goals (SDGs) by 2030?

This webinar will be of special interest to the business community, civil society, academia, and the general public to keep abreast with the country's medium-term economic development plan, policies, and strategies that are encapsulated in the 12MP. They will be able to listen to the country's top planner as he delves on the issues, challenges, and stakeholders' expectations in putting together the 12MP. Following the keynote address, a panel of distinguished panelists will offer their thoughts and suggestions on what they would like to see in the 12MP to drive the country forward in the post-pandemic 'new normal' landscape.
